

## Mississippi Has Kennedy Issue In Vote Tuesday

JACKSON, Miss. (AP) — President Kennedy is very much in the Mississippi Democratic primary even though his name isn't on the ballot for the election Tuesday.

What one candidate calls a "cuss the Kennedy" campaign has overshadowed traditional state issues in the heated campaign to pick the probable successor of 63-year-old Gov. Ross Barnett.

Barnett, who attracted worldwide prominence last fall by denying the federal government in the court-ordered admission of James H. Meredith, a Negro, to the University of Mississippi, can not succeed himself.

Traditionally, the incumbent governor takes no part in the campaign to choose his successor. Barnett has held to this line, saying he was too busy with affairs of state.

### Four In Race

The four Democratic candidates are: —J.P. (for James Plennos) Coleman, 49, of Ackerman, governor in 1956-60. A lawyer, he has been in the state house of representatives for the past four years.

—Paul B. Johnson, 47, of Hattiesburg, the lieutenant governor. A World War II Marine captain and son of a former governor, Johnson—like Barnett—faces federal criminal contempt proceedings stemming from the Meredith case.

—Robert Mason, 60, of Magee, a welder who earned the nickname "blowtorch" for his colorful stump speeches during the 1959 gubernatorial campaign. He finished last in a four-man field with about 20,000 votes.

—Charles Sullivan, 38, of Clarksdale, the third major candidate. Sullivan, a prematurely gray-haired ex-district attorney, finished a surprisingly strong third in the 1959 gubernatorial campaign. He is a state rights advocate who says he will bolt the Democratic party rather than vote for Kennedy.

### Republicans Hopeful

Although Democratic victory has virtually assured election for nearly a century, Republicans are mounting their first serious bid for the state house in decades.

Onetime Democrat Rubel Phillips, 38, is stumping the state as the GOP standard-bearer for the general election. Republicans hope to capitalize on dissatisfaction with the Kennedy administration and the national Democratic party.

None of the three major candidates is expected to win a clear-cut majority, which means the top two would go into an Aug. 27 runoff.

## Halleck Predicts Tax Cut Approval

WASHINGTON (AP) — The House Republican leader, Charles A. Halleck, predicts a tax reduction-revision bill and some sort of civil rights legislation will be passed by the House. But he foresees stiff opposition in the Senate.

## Vice Quiz Not Over In London

LONDON (AP)—More court actions appear in prospect in the wake of the vice trial and suicide of Dr. Stephen Ward, who believed he was the scapegoat of Britain's sex and security scandal.

Before swallowing the barbiturates that snuffed out his life Saturday after an 80-hour coma, Ward wrote in one of many suicide notes, "The ritual sacrifice is demanded and I cannot stand it."

Leading lawyers and legislators voiced concern over several aspects of the trial in which Ward, 50, was cleared of three vice charges and found guilty of two others—living off the earnings of prostitutes Christine Keeler and Marilyn (Mandy) Rice-Davies.

Legal experts said they expect action against at least two prosecution witnesses. Call girls Vicky Barrett and Ronna Ricardo admitted in court they lied under oath.

Public sympathy grew with reports of Ward's death—alone except for a prison warden, his brother and hospital staff and deserted by his so-called friends in high places.

Many felt the osteopath was made a scapegoat for introducing former War Minister John Profumo to Miss Keeler, who at the same time was seeing an assistant Soviet naval attaché.

Their triangular relationship touched off the scandal that threatened to topple Prime Minister Macmillan's government. Profumo resigned in disgrace.

## Parolee Couple Admits Scores Of Home Burglaries

ALBION, Ind. (AP)—An Indiana man and an Ohio woman, both parolees, are to be sentenced Wednesday in what police described as a series of home burglaries in three states.

Donald R. Fair, 31, Decatur, and Anna M. Marburger, 20, Dayton, are to be sentenced on felony entry charges to which they pleaded guilty last Wednesday. Deputy Sheriff Roy Sayles Jr. said a 16-year-old Pontiac, Mich., boy arrested with the couple July 22 signed a statement admitting 60 to 100 burglaries in the last three months in Indiana, Ohio and Michigan.

The boy's statement said the three, along with four men being sought in Ohio specialized in country homes. The boy, whose name was withheld as a juvenile, has been released to the custody of a policeman-uncle in Pontiac, pending a call as a material witness.

## Detroit Crime Mobs Linked To Nationwide Ring

DETROIT (AP)—Detroit is one of numerous cities named by an underworld informant as being in a nationwide organized crime ring.

The informant is Joseph Valachi, 60. The FBI said the closely-guarded Valachi told it about a crime organization called the "Cosa Nostra"—literally meaning our thing—and the network of mobs it dominates in more than a dozen American cities, including Detroit. Valachi is to appear before the Senate Investigations Subcommittee when arrangements can be made in connection with its investigations into the international narcotics traffic.

The FBI said Valachi told it the "Cosa Nostra" was headed by a group called the "commission", and members of the commission are known as "bosses" or heads of crime "families" in cities across the nation.

The families control organized crime in their areas, and known families are said to be operating in Detroit, New York, and New Orleans, among others.

Meanwhile, Detroit Police Commissioner George Edwards has called on all citizens, the police and the courts to fight organized crime.

Edwards called the dominant force in organized crime "the Mafia", saying "I believe that this organization has its top command figures active in almost every large city in the country, including Detroit. The Mafia is the dominant factor in organized crime in America in the 1960s."

## Glassport, Pa., Storm Kills 2

GLASSPORT, Pa. (AP) — Hundreds of workers today dug into piles of debris left by a storm that ripped a path of death and destruction through Glassport and nearby western Pennsylvania communities.

Two were killed and some 70 others were injured by the furious assault of rain and wind Saturday night. Damage ran into millions of dollars.

Winds clocked at 90 miles an hour rocked Glassport for 45 minutes and roared into nearby Carnegie, Clairton, McKeesport and Dravosburg.

Buildings were ripped apart. Electrical circuits were knocked out.

"All reports indicate it was a tornado, but we can't call it that officially," said chief forecaster Henry Rockwood of the U.S. Weather Bureau in Pittsburgh.

The dead were William Petrosky, 41, owner of the Petrosky Hotel, and Robert Martin, 34. They were in the three-story frame hotel which was flattened.

## Gov. Romney Rides In Boat Parade

HESEL (AP) — Gov. George Romney was a boat-riding guest here Saturday, touring Lake Huron islands in the first annual Les Cheneaux Watercade.

Romney, who rode in a parade of about 150 boats, characterized this southern tip of the Upper Peninsula as the "focal point of the Water Wonderland."

The governor praised the idea of the watercade saying "in order to develop interest you have to do something unique." Michigan's "Water Wonderland" slogan is used as a lure to tourists.

## Mass Snub Given To Red Chinese

HIROSHIMA, Japan (AP)—The Soviet delegation led a mass public snub of the Red Chinese tonight.

They marched from the audience in Hiroshima Peace Park as the head of the Chinese delegation began to speak at the ninth world conference against nuclear bombs.

They were joined by the Indians and by delegates from East European Communist countries, including Yugoslavia.

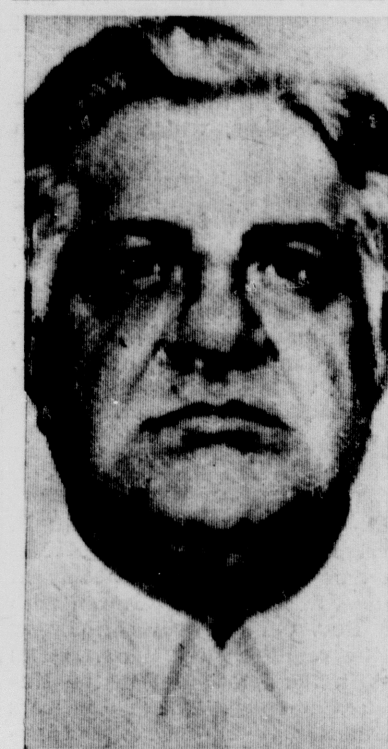

The group paraded to the front of the archway memorial to Hiroshima's 240,000 atom bomb dead and stood with heads bowed and their backs to the speaker, Chao Pu-chu, as he denounced the tripartite test ban treaty signed in Moscow today.

The 14 Soviet delegates were led out of the audience by Yuri Zhukov, a commentator for Pravda, the Soviet Communist party newspaper.

The apparently planned affront took the 10,300 participants to the outdoor ceremony in the park by surprise, but did not prevent them from giving Chao repeated applause. Most of the audience was pro-Chinese.

Chao's denunciation of the Soviet Union for signing the treaty followed soon after the conference heard a message from Premier Khrushchev which described the ban as "a brilliant victory" for his policy of peaceful coexistence.

## Informant Puts Finger On Top U.S. Racketeers

WASHINGTON (AP)—The government is confident that an underworld figure it says has given federal agents a detailed description of the dominant crime organization in the United States will live to tell his story to Senate investigators.

In a secret hideout FBI agents are guarding Joseph Valachi, a 60-year-old New Yorker once fairly high in the mob hierarchy, who has outlined the structure of the terror-ridden "Cosa Nostra" and put the finger on some top racketeers already under investigation.

### Story Corroborated

Valachi has a date with Sen. John L. McClellan's Senate Investigations subcommittee when it resumes its inquiry into illegal narcotics traffic.

The McClellan panel began its probe of narcotics three years ago, then turned to the Billie Sol Estes investigation and the TFX warplane contract award. No date has been set for the resumption of its hearings, but McClellan, an Arkansas Democrat, said Sunday he expects Valachi to be a witness.

The government considers Valachi's account of crime in America—including an inside view of the celebrated November 1957 mobsters' convention at Apalachin, N.Y.—an important intelligence breakthrough.

His story has been corroborated by other sources and investigations, and information he gave federal agents has been passed on to local authorities, Edwin O. Guthman, Justice Department public information director said.

### Boss Identified

The theory of a secret society at the hub of organized U.S. crime has been supported for many years by the Federal Bureau of Narcotics. Valachi provided a blueprint of the "Cosa Nostra"—literally meaning "Our Thing"—and sometimes called the syndicate—and confirmation that such an organization of criminals exists.

## American Outpost Fights Off Raid Of North Koreans

U.S. FIRST CAVALRY DIVISION FRONT, Korea (AP)—Thirteen American soldiers fought off seven grenade-hurling North Korean raiders today in the longest clash in eight days of fresh action on the Korean front.

Five Americans suffered scratches from grenade fragments in the two-hour battle, fought in pre-dawn darkness. There were no known Communist casualties.

The Communist North Koreans used whistles like pheasant calls to guide their attack. They struck at an American outpost in a narrow finger of the demilitarized zone that was a bloody battleground in the 1950-53 Korean War.

The North Koreans hurled a barrage of grenades at the American outpost set up about 1,000 yards east of where a Communist patrol last week ambushed three Americans in a jeep, killing two and wounding the third.

The spot is 13 miles from Panmunjom, where the U.N. command warned North Korea it

would invite its own destruction if it failed to halt attacks south of the border dividing North and South Korea.

North Korea's spokesman, at the Armistice Commission meeting Saturday, rejected the U.N. command's charges as "fabrications."

A U.N. command spokesman said today there were no reports of fighting elsewhere along the 151-mile Korean front.

## Cabinet Scatters Over Week End

WASHINGTON (AP) — President Kennedy's Cabinet scattered over the weekend, from a fishing boat off North Carolina to Moscow to the grandeur of the Vatican.

Atty. Gen. Robert F. Kennedy spent the weekend with his brother, the President, on Cape Cod. Secretary of State Dean Rusk was in Moscow for today's signing of the limited nuclear test ban agreement.

Secretary of Welfare Anthony J. Celebrezze had a private audience with Pope Paul VI in the Vatican. Secretary of Commerce Luther H. Hodges capped a brief vacation fishing off the coast of his home state of North Carolina.

Secretary of Defense Robert S. McNamara, after attending the annual music festival at Salzburg, Austria, stopped at Bonn Sunday for more talks with West German Chancellor Konrad Adenauer.

Secretary of Agriculture Orville L. Freeman became the first U.S. Cabinet member in a decade to visit Romania. He toured farms and conferred with President Gheorghe Gheorghiu-Dej.

Postmaster General J. Edward Day, Secretary of the Treasury Douglas Dillon, Secretary of the Interior Stewart L. Udall and Secretary of Labor W. Willard Wirtz stayed home.

## Russia Abandons Landing On Moon As Too Expensive

WASHINGTON (AP) — The Soviet Union has stepped out of the race to land a man on the moon because it's too costly, Sir Bernard Lovell, noted British astronomer, said today.

In a copyrighted interview with the news magazine, U.S. News & World Report, the director of Britain's Jodrell Bank observatory also said:

"The Russians are making sincere overtures toward cooperation in space."

Their prime programs now are to land instruments softly on the moon, and to orbit a space platform manned by an engineer and an astronomer for five to seven days to view the heavens from a space telescope.

Sir Bernard said his information came in a recent trip to the Soviet Union and interviews with the president of the Soviet Academy of Sciences.

## Traffic Kills 9; 10 Persons Drown

By The Associated Press  
Two young Bad Axe men died in an automobile crash Sunday and seven other persons were killed in separate accidents to boost Michigan's weekend traffic toll to at least nine.

In addition, weekend drownings claimed at least 10 lives and three persons were killed in miscellaneous accidents.

## Bomber Flights To Cause Booms

PERU, Ind. (AP)—Starting today, B58 bombers from Bunker Hill Air Force Base will fly six flights daily—through Friday of next week—at twice the speed of sound and may cause sonic booms.

The flights, at 35,000 feet altitude, will be in a corridor from over Lake Michigan 30 miles west of Benton Harbor, Mich., to Kincheloe AFB, Mich. Starting times for the 15-minute flights will be 6:45, 7:30, 8:15, 8:30, 9 and 9:15 p.m.

## Big 3 Pledged To Halt Tests Above Ground

MOSCOW (AP) — Representatives of the United States, Britain and the Soviet Union today signed a partial nuclear test ban treaty in solemn ceremonies in the grand Kremlin palace.

Secretary of State Dean Rusk, British Foreign Secretary Lord Home and Soviet Foreign Minister Andrei A. Gromyko put their signatures on the historic document at 4:34 p.m. Moscow time. Premier Khrushchev witnessed the signing.

"Our three governments," said Rusk, "have today taken what all mankind must hope will be a first step on the road to a secure and peaceful world."

Good First Step

"The treaty we have signed today is a good first-step—a step for which the United States has long and devoutly hoped. But it is only a first step. It does not end the threat of nuclear war."

Rusk warned that it would be impossible "for us to guarantee now what the significance of this act will be."

"History will eventually record how we deal with the unfinished business of peace," he continued. "But each of our governments can and will play an important role in determining what future historians will report."

Rusk made his remarks after putting his signature to the treaty binding the three powers to end all nuclear weapons testings in the atmosphere, in space and under water. Underground testing is not affected.

"In a broader sense," Rusk concluded, "the signature of this treaty represents the readiness of the United States to join with the two other original signatories and with other nations in a determined and sustained effort to find practical means by which tensions can be reduced and the burdens of the arms race lifted from the shoulders of our people."

Peace Policy Hailed

Immediately after the simultaneous signing by the three foreign ministers, Gromyko made a speech hailing the treaty as "a success of the peaceful policy of the Soviet Union."

He proposed a champagne toast to peace and friendship among nations. Witnesses to the signing clinked glasses with Khrushchev and U.N. Secretary-General U Thant, another witness who flew to Moscow for the signing.

Khrushchev had met separately before the ceremony with both Rusk and Hume and their delegations and with Thant.

Adlai E. Stevenson, U.S. ambassador, to the United Nations, and six U.S. senators were present at Rusk's talk with Khrushchev.

Sen. J. W. Fulbright D-Ark., chairman of the Senate Foreign Relations Committee, alluded to possible Senate opposition to the treaty.

He remarked to Gromyko: "No one can speak for the Senate unless it speaks for itself, but I am personally in favor of this treaty."

## Senate Expected To OK Test Ban

WASHINGTON (AP) — Sen. Kenneth B. Keating predicts overwhelming Senate approval for the limited nuclear test ban treaty if Secretary of State Dean Rusk makes it clear that no "under-the-table" deals are involved.

Keating, a New York Republican, said he asked Rusk for assurances that U.S. negotiators have not agreed to a nonaggression pact or increased trade as a price for the agreement being signed today in Moscow.

"If we get a forthright response, and a denial of any under-the-table deals, then I am confident that the Senate will ratify this treaty by an overwhelming vote," Keating said Sunday in a taped radio-television program broadcast in New York.

A two-thirds majority is needed for ratification.

In a speech to the nation July 26, President Kennedy said: "The Moscow talks reached no agree-

## Youth, 18, Dunked Trying To Sail Kite Across Lake

GRAND HAVEN (AP) — High winds and swells that slowed his tow boat thwarted 18-year-old Dave Rude's attempt to sail in a kite across Lake Michigan today.

But the North Muskegon youth said he'd try again, next time at night.

Rude said he was approximately 41 miles out on his 80-mile flight from Grand Haven to Milwaukee when swells and winds slowed his tow boat, dunking him and his kite into the lake. He lost his skis, a necessity to becoming airborne again, when he dropped into the water.

The youth, whose 18th birthday is today, had flown for an hour and 40 minutes after takeoff.

## Hurricane Arlene Loses Her Punch

MIAMI, Fla. (AP) — Hurricane Arlene has disintegrated into a band of showers.

The season's first hurricane, which built up winds ranging to 100 miles per hour, lost power rapidly Sunday as it approached the leeward islands of Guadeloupe and Antigua.

The Vern Eagle family of Soo Hill passes Misery Bay on M-35 Sunday enroute to its overnight stop at John W. Wells State Park on the way to Menominee's Centennial celebration. They'll take part in the parade there next Saturday as they did in Escanaba's Centennial parade on July 6, for which Eagle built the Conestoga wagon pictured here. The whole family is along for the outing and having a wonderful time, including Grandpa Joseph Eagle. (Daily Press Photo)

## Covered Wagon Taking Family To Centennial

The Vern Eagle family of Soo Hill has the most fortunate kids in Delta County. When they grow up they'll be able to boast that they were pioneers and rode in a covered wagon from Soo Hill to Menominee and back.

Father Vern, who is employed by Escanaba Division of Mead Corp., got the Centennial celebration bug when Escanaba observed its 100th birthday in July and decided upon a novel contribution to the celebration.

Mrs. Eagle, the former Betty Plouff, made Centennial apparel for all the family and Vern Eagle made a Conestoga wagon to bear them all in the Centennial parade here July 6.

The wagon has a box 18 feet long and its construction required weeks of work, and then there was more labor to construct the white canvas cover. (Eagle improved on the original Conestoga

wagon specifications which he obtained by using a layer of plastic under the canvas so there's no spray in the vehicle when it rains.)

He bought the chassis of the wagon from Philip Beauchamp. It was made here in 1929 and it looks as authentic as a pioneer tote rig going past Fort Bridger in the last century.

The Eagle Family's Conestoga wagon was one of the show pieces of Escanaba's Centennial parade. Eagle felt rewarded for all his work by the results, but wanted to prolong the fun, so he suggested that the whole family ride down to Menominee for its Centennial this week in the wagon and take grandpa, Joseph Eagle of Soo Hill, along with them. And their Collie, Teddy, too, of course.

Teddy is Golden Eagle Ted and he's registered and he was having as much fun as anyone as the wagon moved down M 35 on Sunday toward the night stop at John W. Wells State Park at Cedar River.

The trek started Saturday afternoon with Pride and Patty, a team of horses rented from Elmer Dahn of Brampton stepping out in front. The Saturday night stop was in Ford River and the Eagles slept in their wagon.

At 5 p. m., Sunday they were at Deer Creek at Fox with more than 6 miles still to go to Wells Park.

"We're in no hurry," said Eagle. "We may stay a day or two in the park before we go to Menominee."

They don't have to be there until Saturday for the parade.

The Eagle children are enjoying the novel outing immensely. They know that the pioneers didn't have it so easy. The road they're using to Menominee bore wagon traffic until a generation ago and had many sandy areas along the shore of Green Bay where it was necessary — in the day before graveling — to scatter cedar bark from the woods operations to keep the wheels from bogging in the sand.

## Ag Board Will Meet In City

The Michigan Commission of Agriculture will meet Monday and Tuesday of next week, Aug. 12 and 13, in Escanaba, with sessions starting at 4 p. m. on the 12th in the State Office Building, and continuing Tuesday.

A public hearing will be starting at 1:30 p. m. in the State Office Building Aug. 12 on the use of the State Seal of Quality in the marketing of Michigan potatoes. The purpose of the meeting is to give potato growers and others an opportunity to give their opinion on the matter.

The commission comes to Escanaba for a summer meeting following its practice of meeting at least once a year in the Upper Peninsula. Next week's meeting coincides with the Upper Peninsula State Fair, which opens on Tuesday.

George S. McIntyre is state director of agriculture and the commissioners are Edward J. Wright, chairman, Saginaw; R. K. Stout, Marshall, vice chairman; Mrs. Kay D. Sleik, Iron Mountain, secretary; and Archie M. Murphy, East Jordan, and Blaque C. Knirk, Quincy.

## Two Cars Stolen, Abandoned In City

Two cars were stolen and abandoned in Escanaba Saturday night, it is reported by Escanaba police, who are continuing their investigation.

Mrs. James Boudreau, 1618 3rd Ave. N., reported their car stolen about 1:30 a. m. Sunday. Police found it abandoned on the street later in the morning.

Robert West, 2100 Ludington St. told police his car was stolen Saturday night from where it was parked. The auto was found by police abandoned in Lake View Cemetery.

## Student Meet

Chapter presidents and advisers of the Student Michigan Education Association will meet at Northern Michigan University, Marquette, Aug. 23-24 for their annual leadership conference. The SMEA is the professional association for college students preparing to teach and is designed to encourage and deepen interest in education as a career. Approximately 50 are expected at the 2-day conference.

George Allen Peterson, son of Mrs. George O. Peterson of 328 S. 18th St., received his Master of art degree on Friday from Northern Michigan University. He has been a mathematics teacher in Eben for four years, in Sturgeon Bay the past year, and will return there to teach next month. A 1953 graduate of Escanaba Senior High School, he received his B.S. degree from Northern in June of 1958.

# Project Pride Inc. School Work For Retarded Is Busy

There were 15 masons and helpers on the construction job at the School for Retarded Children on Saturday and the mortar flew like pie mud at a pre-school picnic.

The materials are stacked high on the site on the Webster School campus and the project is actively underway now with the walls rising and much preparation to get the building enclosed for winter work.

Project Pride Inc., is putting up the building without cost for the Delta County Chapter, Michigan Association for Retarded Children, just as it put up the Project Pride building for the Escanaba Chamber of Commerce two years ago. All the labor on the construction is contributed by skilled workmen of the Delta County area's construction trade unions, and by other volunteers and the materials have either been donated, or purchased with donations.

The generosity of labor has been remarkable, says Don Brandt, secretary of Project Pride. As in the case of the C-C building, the workers come not only from Escanaba, but from Gladstone, Cornell and elsewhere in the area.

Working on the masonry Saturday were Frank Blatterbauer, Cornell; Foreman Jim Davidson; Masons Fred Koppock and his brother Eugene Coppelock of Gladstone, Helmer Nelson, Clifford Johnson, Elmer Peterson, E. A. Wilcock, and President Albert Valind of the Retarded Children's Chapter, Joseph Schileis, Lyle Shaw and others.

Valind reported that \$15,000 had been collected in the Chapter's campaign for funds and Contractor Al Brandt estimated that it would cost \$20,000 for materials to erect the building, so the fund has \$5,000 to go for construction. Donations may be sent to the Chapter, care of Post Office Box 157, Escanaba.

The building will provide 3,000 square feet of space for two large classrooms, a fully equipped kitchen, toilet rooms for boys and girls, and storage space. The building has been designed by Walter Arntzen, president of Project Pride, Inc., of G. Arntzen & Co., so that it can be expanded as needed. The roof will be steel and the building will be fireproof and meet all school standards. The interior will be painted masonry.

Al Brandt said that such a building would take 3 months commercial work for completion and that it will take about 11 months with volunteer workers busy only evenings and weekends. It will be closed before winter and ready for use in the spring, he said. "I've been pledged work by everyone in the Kiwanis Club," said Brandt.

## Former Dredge Now Drydock

SAULT STE. MARIE — A dredge with the apt name of Warhorse is making history in retirement.

The vessel has been turned into a floating drydock, the only one of its kind in the northern Great Lakes.

The Warhorse was destined to be scrapped after more than 40 years of dredging area waters. Then some Soo area seamen got an idea.

The region had long needed a drydock for tugboats, small passenger ships, excursion steamers and ferries. The nearest facilities were hundreds of miles away in Sturgeon Bay, Wis., and Collingwood, Ont.

The dredge with its broad decks and stout construction seemed ideal for the task.

The Warhorse was stripped of its superstructure and its hull was re-designed as a dock capable of lifting vessels of up to 400 tons.

The interior was divided into compartments and side tanks added to give extra lift. Two large electric pumps, each with a capacity of 1,800 gallons of water, a minute, also were installed.

The equipment enables the Warhorse to submerge, lift a vessel, and raise the dock out of the water in an hour. The size of the ship is governed by the Warhorse's 150-foot length and 40-foot width.

Formerly owned by the Great Lakes Dredge & Dock Co., the craft now belongs to the Soo Drydock Corp. The firm was incorporated by the Soo Welding Co., a marine repair service here, and Welch's Dock, owners of a local passenger cruise service.

## Calumet Players Offer 'Carnival' All This Week

The Keweenaw Playhouse's next attraction at Calumet is "Carnival," a romantic musical fable of life in a travelling French circus. Its hardy-gurdy flavor will be presented by Leland Ball for 6 days opening Aug. 6.

The story has to do with the romance of a wistful waif and a sullen puppeteer, a bitter young man who can talk gently only through his puppets. The puppets, a quartet of delight, are led by a moony walrus, Horrible Henry, and are the tent show element that must charm the heroine as well as the audience.

Miss Joan Kroschell will be the waif who wanders into a small time travelling French circus one morning just as its roustabouts are raising its tents, and becomes enchanted with its tinselled seductress. She is dazzled by the carnival's rakish magician, and captivated by the show's puppets, and she eventually finds love with the puppets' manipulator. Ken Bridges will portray the lamed and dour puppeteer who can only woo the girl he loves through the absurdities of his dolls.

## July Traffic Up At Straits

Traffic over the Mackinac Bridge during July was 4.4 per cent greater than July of 1962 and revenues were up 4.3 per cent, according to Prentiss M. Brown, Bridge Authority chairman.

"July 1963 revenues totaling \$1,023,956 were second only to July of 1958 when the bridge was newly opened and up from July 1962 revenues of \$981,894. Vehicle crossings in July 1963 totaled 243,165, up from 232,909 in 1962," said Brown.

Truck traffic over the bridge was up 2.8 per cent over July of 1962 showing a comparative increase in this classification for the second time since last August. It was pointed out that many of these trucks were actually pickups carrying portable camping units.

"Bridge crossings reveal a changing pattern in tourist's habits," said Chairman Brown. "During July of 1958 there were a total of 13,500 cars with trailers attached. In July 1963 there were 22,300 cars with trailers attached. Also, five years ago 92.4 per cent of the traffic was made up of passenger cars."

"In July 1963 passenger cars comprised only 86 per cent of the traffic. On the other hand in July

## GOP Fall Meet At Isle Sept. 13

An analysis of the national and state political scenes will be the main order of business at the Republican Party's biennial fall conference Sept. 13-15 at Mackinac Island.

The conference, spotlighting GOP "Targets for '64," will feature a delegation of Republican congressmen to lead a discussion on mistakes of the Kennedy Administration Saturday afternoon, Sept. 14.

Congressman John Bennett, (12th District) is among those who plan to participate.

Key statewide legislators, who will review accomplishments of the Republican-led legislature and the Romney Administration during a Saturday morning panel discussion, will be Senator Stanley G. Thayer, majority caucus leader; Senator William J. Leppien, senate elections committee chairman; Rep. Allison Green, speaker of the House, and Rep. Robert E. Waldron, majority floor leader.

Moderators will be two former GOP state chairmen, George M. VanPeursem and John Feikens.

Also scheduled as a program highlight is a major party address Saturday noon by Gov. George Romney on "Republican Opportunity in '64."

Other program features include messages by two national leaders of the Republican Party, State Central Committee meetings Friday evening, and a reception hosted by Gov. and Mrs. Romney Saturday afternoon at the governor's summer home on the island.

Headquarters will be the Grand Hotel.

1958, cars with trailers added up to only 4.4 per cent of the total traffic, but for the same month of 1963 cars with trailers totaled 9.2 per cent of the traffic. This indicates a tremendous growth in outdoor camping," Brown added.

## Soil District Of Alger Starts 5th Year With Gains

The Alger Soil Conservation District directors meeting at the Farm Experiment Station in Chatham installed as new directors Joe Ostonek, Trenary, and Bob Smith, Chatham, and elected Edgar Williams, Trenary, chairman. ## Spaceman Gets Speeding Tag

LONDON (AP) — Earl Mountbatten, admiral of the British fleet, leaves Sept. 15 for a six-day visit to Canada and the United States, it was announced Friday.

Britain's chief of defense will confer with his Canadian and U.S. counterparts and receive an honorary degree from Jacksonville (Fla.) University.

ORLANDO, Fla. (AP) — Astronaut Virgil I. (Gus) Grissom, who received the nation's praise for the mercury flight in which his space capsule went more than 5,000 m.p.h., is being prosecuted for going 75 m.p.h.

A state highway patrolman said he clocked Grissom at that speed for two miles before stopping

him July 27. Last November Grissom was arrested and fined \$20 for speeding in another Florida county.

LOS ANGELES (AP) — Singer Bobby Darin, released from a hospital after two days of tests, has been ordered by doctors to take it easy for six to eight weeks. The doctors diagnosed his trouble as exhaustion.

Darin collapsed July 23 in New York after a performance.

DALLAS, Tex. (AP) — Joan Dorsey, 23, the first known Negro stewardess graduated from an American Airlines training course, says she considers herself a pioneer in some ways and is eager to start work.

Miss Dorsey, of Flagstaff, Ariz., told newsmen no incidents marred her training and no unusual problems arose.

"The girls were just wonderful all the way through school," she said. "I liked them all very much. And I think they liked me."

### ESCORT FOR DAD

NEWARK, Ohio (AP) — An excited driver screeched to a stop beside a policeman on traffic duty, explained his wife was about to have a baby and asked for an escort to the hospital.

It wasn't until the siren-screaming trip was over that the officer learned the driver was alone. His wife already was at the hospital, he explained, and he was just anxious to join her.

## Sen. Hart Backs Civil Rights Bill

DETROIT (AP) — Sen. Philip A. Hart, D-Mich., urged support of President Kennedy's civil rights program in a speech to a reunion of the 4th Infantry Division Saturday night.

Hart, a lieutenant-colonel in the 4th during World War II, said "those of us who have been under enemy fire know that that fire was color-blind."

Hart said "the bitter truth is that some Americans called into the service of their country find in some sections of this land that they cannot even get a cup of coffee on the way to the station."

## State Briefs

FREMONT (AP) — Mayor Harry Osterhart made a telephone call to Washington, D. C., Saturday night of more than ordinary significance. His call inaugurated a dial telephone system for Fremont and two Newaygo County neighbors, Newaygo and White Cloud. The system, replacing old manual phones, will permit direct calls to and from anywhere in the

United States and Canada. The Michigan Bell Telephone Co. said the installation cost \$1 million. The service begins officially Sunday.

GRAND RAPIDS (AP) — The Trumpet Call, publication of the Kent County Republican committee, reported that 76 per cent of its readers taking part in a mail poll favored Arizona Sen. Barry Goldwater for the 1964 GOP presidential nomination. The publication said 12 per cent supported Gov. George Romney and 4 per cent Gov. Nelson A. Rockefeller of New York.

DETROIT (AP) — A \$275,000 damage has been brought by a Marshall (Mich.) couple against manufacturers of a heating pad. Mrs. Ruth Chichester, 34, said she was burned by the pad when she fell asleep on a couch while watching television in 1961. She and her husband, Leo, filed the suit in federal court against Landers, Frary and Clark of New Britain, Conn., and the Northern Electric Co. of Bay Springs, Mass.

GRAND RAPIDS (AP) — Grand Valley State College officials will ask the Legislature for \$3.3 million for the 1964-65 school year. The request will include \$2.15 million for capital outlay and \$1.15 for operating expenses.

FLINT (AP) — The City Commission's water study committee recommended Friday that Flint build a 70-mile pipeline to Lake Huron for a new water supply system.

KEY WEST, Fla. (AP) — A wireless telegraph station built here 60 years ago by the distinguished American inventor, Lee De Forest, is being converted into a bar.

The station's Morse code call letters, KW, sometimes were heard by ships on the Great Lakes and on the West coast even though one or two hundred miles was considered a good transmitting distance in those days.

## Strip Mine Gets Huge Vehicle

BENTON HARBOR (AP) — A Nevada strip mining company soon will have a mammoth Clark Equipment Co. unit to haul up to 85 tons per trip, Clark vice-president C.E. Killebrew announced today.

The new "Michigan Model 65 End Dump Hauling Unit" towers 14 feet and will go to Kennecott Copper Corp. The unit was designed for mining and off-highway construction work.

With a full payload, the unit weighs 250,000 pounds, but can travel at 50 miles an hour and maneuver like a family sedan, Clark officials claim. Killebrew said the vehicle develops 700 horse power from a diesel engine.

The engine powers a G.E. electrical system that does the wheel-turning work. Future models, which are being developed to handle even bigger payloads, will have the option of the electrical drive or Clark's mechanical "Power Train" drive, Killebrew said.

A feature of the electrical drive permits loaded units to "hitch rides" on trolley cables leading up a mine shaft, and thereby supplement the truck's own pulling power. Front end trolley attachments permit such a hitch-up, Killebrew said.

An equivalent power unit with a trailer instead of the dump body is planned to haul from 125 to 175 tons of raw coal as a tractor-trailer rig.

## State Paper Firm To Expand

KALAMAZOO (AP) — Allied Paper Corp., a major producer of book paper announced it has completed arrangements to finance construction of a \$12 million pulp mill at Jackson, Ala.

Ward Harrison, president of the firm, said about 150 persons would be employed at the highly-automated mill when it is ready for production next summer. He estimated that an additional 800 jobs would be provided in operations to harvest and prepare wood for the mill.

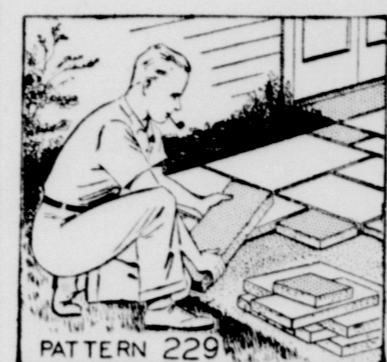

Harrison said ground already has been broken for the facility on a 370-acre site along the Tombigbee River, about 50 miles north of Mobile, Ala. The mill will be geared to produce up to 320 tons of pulp daily, Harrison said.

He said the pulp will be shipped by rail to Allied's three paper-making plants in Kalamazoo.

Allied now buys its pulp from other companies.

Allied Paper, which reported \$48.3 million in sales last year, employs some 2,900 persons in various states, with 1,250 on the Kalamazoo payroll.

### PHONE FRIENDSHIP

LOUISVILLE, Ky. (AP)—Two men who have been chatting for several months via long distance international telephone finally met during the Kentucky Derby.

It began one night in Galt, Ont., when E. R. Bibby, on a whim, picked Bill Kerberg's name out of a telephone directory. He called Kerberg just to chat about Kentucky. Later, there were more calls.

Kerberg invited the Canadian to visit Louisville during Derby Week. After Bibby arrived he learned that Kerberg is a Chamber of Commerce official and had arranged for choice box seats at the race track, an old-fashioned barbecue, and a tour of the city's historic sites.

"You might say I made a winning pick," Bibby grinned, "when I pulled his name out of that directory."

## Farm Land Price Rises In Michigan

By DAVID H. BOYNE  
Michigan State University

The price of farm real estate (land and buildings) continues to increase in Michigan and the United States. Young farmers getting started in farming must pay record high prices.

Farm operators who are expanding their operation paid as much for an additional 40 acres in 1962 as they did for 80 acres purchased 15 years earlier. On the other hand, farmers who are nearing retirement and are selling part or all of their land, are receiving higher prices than if they had sold five, ten or twenty years ago.

This article focuses on rising farm real estate prices from the point of view of land owners. What is the importance of 20 years of rising land prices for farmers who are now retiring? What is the significance of land price increases for all owners of farm real estate?

In January, 1940 the market value of farm real estate in the U. S. was estimated to be \$33.6 billion. By January, 1960 the market value had increased almost four-fold to \$129.1 billion. Thus farm real estate, which represents 75 per cent of the value of all production assets used in U. S. agriculture, increased in value by \$95.5 billion in just 20 years.

The value of farm real estate may increase because the price of land and buildings increase, be-

cause the quantity of land and buildings increases or because both price and quantity increase. In the U. S. between 1940 and 1960, the increase in quantity of farm real estate was less than one percent. Hence, almost all of the \$95.5 billion increase in value resulted from price increases.

During the same 20 year period the value of farm land and buildings in Michigan increased \$2 billion, from an estimated market value of \$0.9 billion in 1940 to \$2.9 billion in 1960. In Michigan the quantity of farm real estate actually decreased by 6.6 percent; the quantity of buildings increased slightly, but this small increase was more than offset by a decrease in the quantity of land in farms.

During the 20-year period 1940-1960 owners of farm real estate in the United States received purchasing power gains because farm land prices increased faster than other prices.

On the average the price of an acre of land in 1960 was 3.5 times the price of an acre in 1940. However, between 1940 and 1960 the price of most things increased considerably; in other words, we had inflation. The amount of inflation is usually measured by an index of the general level of prices. One such index is the Farm Family Cost of Living Index. This index covers about 200 commodities purchased by farmers for

## Hunting License Sales Trend Up

MADISON, Wis.—After a one-year downturn, hunting license sales in Wisconsin last season showed significant gains over 1961.

Roughly one-third of a million Wisconsin residents purchased both big and small game hunting licenses in 1962. Big game were up 23,394 over 1961 for a total of 328,796 while small game rose by 11,429 to a total of 338,885.

The figures show that buyer resistance to license fee increases in 1961 has been largely overcome. They also show that many deer hunters who thought chances for connecting were poor when the party permit was cancelled in 1961, came back to try again last season.

The price tag on small game license rose from \$3 to \$4 and big game from \$4 to \$5 in 1961. With the sportsmen's license a bargain at \$10 for a \$13 value, sales on this item rose by 27,620 to a new high of 158,518.

The figures indicate about 24,000 women hunt small game in Wisconsin, or about one in every 69.

family living purposes. It indicates that the cost of living in 1960 was 2.4 times the cost of living in 1940. Therefore in 1960, farmers' cost of living was almost two and one-half times what it was in 1940, while the price of their land was three and one-half times what it was in 1940.

## Fair Will Be Host To Safety Patrols

School Safety Patrol boys and girls of the Upper Peninsula, more than 3,000 of them, will gather at the U.P. State Fair in Escanaba on Tuesday, Aug. 13, for a program honoring them for their work in promoting traffic safety.

A record attendance is expected

## Ann Arbor Group Pickets City Hall

ANN ARBOR (AP) — A tenth successive Monday night City Hall Council meeting picketing is scheduled tonight by a civil rights group protesting a proposed housing ordinance.

The Ann Arbor Area Fair Housing Association announced it will picket again because the ordinance is "grossly inadequate." The association is an affiliate of the biracial Congress of Racial Equality (CORE).

The City Council approved the ordinance on first reading last Monday night. At least one more reading is required before final adoption.

at the 10th annual Safety Recognition Day, when the students and their supervising teachers will be guests for the day at the Fair.

The program is sponsored by the Michigan Automobile Club with the cooperation of the Michigan State Police and the U. P. State Fair board of managers. Supervising the program is Sgt. Russell Gates, Michigan State Police, Marquette.

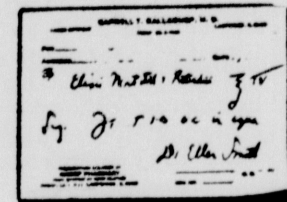

"The purpose of this program is to reward the hundreds of boys and girls who devote many hours to school safety during the year," said Sgt. Gates. "Last year 3,000 were registered for the event and this year an even larger number is expected to attend, representing every community in the Upper Peninsula."

Tickets will be given the boys and girls when they arrive at the Fairgrounds that will entitle them to a picnic lunch, free rides, and the afternoon grandstand show at reduced prices. The performance will be the Danny Fleenor Auto Thrill Show at 2:15 p.m.

The picnic is scheduled for 4 p.m. and the young people will be offered hundreds of gallons of milk and soft drinks, thousands of buns and weiners, and ice cream and other picnic fare. The youngsters will leave for their home communities by bus at 6 p.m.

How do we read

prescriptions?

According to some of our customers, prescriptions aren't written—they're doodles. Yet your pharmacist looks

at the cryptic scribbles and calmly reaches for a bottle. The right bottle. Prescriptions are written in a special international language known to physicians and pharmacists... a kind of universal, standardized shorthand that's grammar- and penmanship-proof. It exists so any registered pharmacist anywhere can fill your prescription accurately. That's how we're always able to give you just the drug your physician prescribes, and why the directions are always correct. We are pleased to serve you whenever prescription medication is required.

## Henry Ford And Wife Separate

DETROIT (AP) — The divided family of Henry Ford II—he and his wife, Anne, have agreed to a separation—was in apparent seclusion today.

Aside from the brief separation announcement that stunned the social world over the weekend, the Fords made no statement. Efforts to reach them were unavailing.

The Fords, married 23 years, announced the separation through counsel, saying they had agreed upon a "legal separation" and had entered into the "usual form of separation agreement."

A man answering the telephone Sunday at the couple's lavish home in suburban Grosse Pointe Farms said Ford was out of the city and not expected to return for three weeks.

Mrs. Ford was reported at another Ford home at Watermill, Southampton, L.I., New York.

Social circles speculated that Ford, 45, chairman of the Ford Motor Co., will continue to live in the Detroit area and Mrs. Ford, 44, will make her home at Southampton with their three children—Charlotte, 22; Anne, 19, and Edsel, 14. The Ford Co. headquarters is in suburban Dearborn.

Anne McDonnell, member of a socially prominent Long Island family, and Ford were married in the Roman Catholic faith at Southampton in 1940.

Ford, a Methodist by rearing, adopted Catholicism.

Henry II, a son of the late Edsel Ford, only child of the first Henry Ford, has two brothers, Benson and William Clay Ford. Both are married.

The Roman Catholic Church does not recognize divorce. A Catholic clergyman said a separation is permitted when the couple finds it impossible to go on with a common life.

### SHARP EYE FOR TACKLE

MIAMI (AP) — Robert Meeks knows his fishing partner's tackle pretty well. In fact, he can spot it 10 yards away, and on a cloudy day.

Meeks was fishing in the Everglades when he saw a brass handled fishing knife being used by another fisherman, on down the river.

Meeks, sure it belonged to his friend, Carl Dennis, summoned a sheriff. Dennis got back his rods, spinners and tackle box, all stolen from his home.

## Jimenez Sketch Started As Gag

By CYNTHIA LOWRY  
AP Television-Radio Writer

HOLLYWOOD (AP) — Circumstances of the births of television characters are almost as varied as those in real life.

"Hazel" and "Dennis the Menace" were cartoon characters. "Perry Mason" and Lucy Carmichael of "The Lucy Show" sprang from books. "Dr. Kildare" came out of motion pictures.

But Jose Jimenez, a sad-faced, earnest little comedy character, was born four years ago on the old "Steve Allen Show" to set up a gag. He's been around ever since. On Sept. 22 he will begin a Sunday series on NBC. It is called

"The Bill Dana Show," after the man who created and plays the role.

Dana was one of Steven Allen's writers. In November 1959, a sketch was built around a school for Santas, and the gag involved a Spanish-speaking Santa saying "Jo-Jo-Jo," instead of "Ho-Ho-Ho." It was necessary to establish that, in Spanish, the letter "J" is pronounced like "H." Thus was born Jose Jimenez, pronounced hos-ay heem-en-eth.

Jerry Lewis plans to do his weekly two-hour ABC show next season live—which makes it unusual. Even NBC's "Tonight Show" is taped a few hours before airtime, which permits the removal of offensive or slanderous material.

A firkin is a measure of capacity, usually one-fourth of a barrel.

## Teacher Spends All His Savings On Youth Tours

PENTWATER (AP) — Fresh from the "sticks," a small town Michigan youth got turned around and wound up lost on a tough street in a southern metropolis. "At that time," recalls Jay Ostrander, now 63, "soldiers from Ft. Knox were forbidden to be on that street in less than groups of six. I saw the human derelicts and the terrible things that could happen in a big city."

This was his impression of Liberty Street in Louisville, Ky., about 1919. A Salvation Army unit guided him back to a section of the city which was safer for a young visitor seeing the sights alone.

"That experience gave me the idea that I'd like to help young folks stay away from troubles like that," Ostrander explains. A school teacher since 1921, Ostrander has shepherded at his own expense 27 groups of boys and girls on first-hand inspection of Chicago's marvels and misfortunes. The visitors stay at hotels and see everything from the museum to the slums.

Three times the tours were extended to New York and Washington.

### Costs \$2,500

The outing this year cost \$2,500. It ran \$2,700 last year.

Ostrander's salary as a sixth grade teacher in the public school system of the West Michigan village is \$5,000.

He was talking with a reporter while at work in Pentwater's tourist information center. Ostrander owns no car. A bachelor, he lives alone and does his own cooking. "The information center work

just about pays expenses for the summer," he says.

### School Named For Him

Financing of the annual trips can't be taken off his income tax because "these are considered personal gifts."

A native of Atlanta, Mich., and a graduate of Central Michigan college, he has made a career of teaching in rural schools or in small communities including Aura where a school is named in his honor.

Pupils sign up in advance for the trips he promises them when they reach high school age. They are selected by no set formula.

One year the group includes boys only. The next it is girls with some mothers as chaperones.

Ostrander sees his former charges from time to time. "They always write thank you

Ann Landers

Don't Tease Tots

Dear Ann Landers: Yesterday I saw something that reminded me of my miserable childhood. If this letter helps just one child it will be worth the effort it took to write it. I refer to the unmerciful teasing of children by so-called adults.

When I was a child my great aunt used to tease me, pretending it was all in fun. I know now she was a sadist. I was unusually tall for my age and Aunt Tillie would say, "If you don't stop growing you won't be able to work anyplace but in a circus." She used to worry me sick.

Aunt Tillie teased my younger brother, too. She told him if he didn't stop stuttering his tongue would fall out and he wouldn't be able to talk. He became so inhibited in her presence that he rarely uttered a word when she was in the house.

Yesterday I heard a grandmother tell a child that if she swallowed a cherry pit a tree would start to grow in her stomach and the branches would sprout from her eyes and ears. Of course this is absurd to an older person who can reason, but many children believe whatever an adult says.

Please, Ann, tell grown-ups that teasing children "in fun" can produce irreparable damage.—A FRIEND

Dear Friend: Thank you for writing. I hope your letter gets through to those who don't realize how harmful their little jokes can be.

Dear Ann Landers: My husband died 10 months ago and left me well off financially. I'm 63 but could pass for younger. I'm well-traveled, well-read and there's still plenty of Gypsy in my soul if you know what I mean.

Please don't think me vulgar, but I want a husband and I'm willing to pay for him. There must be some attractive men around in their 50's or 40's who are tired of working and want to relax a little.

Please don't tell me to wait for some nice gentleman to come along and marry me for myself. Why would a good-looking, middle-aged man want a 63-year-old widow when he can have a 28-year-old divorcee—unless there was an added incentive?

I know six wealthy widows at this minute who are pathetic in their loneliness. Why shouldn't I buy my way out of this circle if I can? Please give me some down-to-earth, practical advice.—LONELY AND MISERABLE

Dear Gypsy: If you think you're Lonely and Miserable now just marry some good-looking, middle-aged man who "wants to relax a little."

No man worth having would be remotely interested in your proposition. Your For Sale sign would attract nothing but scum.

Dear Ann Landers: This is a problem that I'll bet many parents are faced with during summer vacation. Can you help?

Our daughter Arleen has been invited by my sister-in-law to spend four weeks with them out in Montana. Arleen is 16, and a

good little cook and housekeeper. My sister-in-law said in her letter that they would expect Arleen to "pitch in" with the household chores and to help with the children.

Now the problem. Do you feel that we should continue to give Arleen her allowance while she is on vacation? Or should my sister-in-law give her an allowance for helping with the chores? My husband says one thing and I say another. What do you say, Ann Landers?—SPLIT DECISION

Dear Split: By all means you should continue to give Arleen her allowance while she is on vacation. It would be unthinkable to suggest that a house guest be paid for pitching in. Arleen is your responsibility whether she's at home or vacationing.

BE PREPARED

LOUISVILLE (AP) — A group of new Girl Scouts, after being introduced to the mysteries of first aid, underwent an examination.

"What would you do if a small child swallowed the door key?" the instructor asked one child.

"I guess," she reasoned, "I'd climb in through the window."

## Double Wedding Survivors Wed

YPSILANTI (AP) — Forty-four years ago two sisters, Charlotte and Hattie, became the brides of two World War I veterans.

It was a double wedding ceremony — May 31, 1919—in the Detroit home of grandparents of the girls.

Charlotte married Harry Mehl, 30, Hattie was wed to William Rawlings, 22.

Next Saturday there will be another wedding, involving half of the original cast.

Charlotte, a widow, now 62, is to become the bride of Rawlings, 66, widower.

Hattie died in 1960. Mehl, Charlotte's husband, died the same year.

For Saturday's new wedding Mrs. Clyde H. Mehl, daughter-in-law of Mrs. Mehl and niece of Rawlings, will be matron of honor. Harriet Mehl, daughter of Mrs. Mehl and also a niece of Rawlings, will be bridesmaid.

**LAUNDRY TAX**  
NASHVILLE, Tenn. (AP) — Tennesseans no longer have their cars washed. They have them "laundered." And the difference between the two adds a 3 per cent sales tax to the job.

Taxpayers were given the word at a news conference designed to explain a new law extending the sales tax to utilities, laundering and personal property repairs. Preventive maintenance, officials explained, will also come under the tax.

"In other words," commented a spokesman, "everything you have done at a service station except a car wash will be subject to this tax."

"Oh no," said one state official, "that comes under the laundering provisions and it is taxable too."

## Escape Injury In Car Mishaps

State Police of the Gladstone Post were busy through the week-end with a variety of complaints and in the enforcement of the traffic laws.

Michael L. Donovan, 19, of 600 S. 19th was uninjured when his car went out of control and into the ditch on County Road 58 in Wells Township at 11:45 a.m. Sunday. Donovan was ticketed for excessive speed.

The theft of auto radiators from Bernard W. Johnson and George E. Holmberg places in Escanaba Township on Saturday afternoon is still under investigation by State Police. Johnson and Holmberg reside in Gladstone. The radiators were sold to a junk yard in Escanaba. One juvenile was apprehended and turned over to probate court and further arrests are expected to be made.

Rodney A. Vanelsacker of Wells reported to State Police that his auto, parked on the roadside of County Road 426 about one mile north of Arnold, was damaged by a hit-run auto at 9 p.m. Sunday. The other car backed into the parked auto and then took off at high speed.

Gerald G. Way, 21, of Milwaukee, was ticketed for speeding after his car went into the ditch at County Road 412 and 414 at 3 a.m. Saturday; and Harry Reynolds, 73, of 317 S. 3rd St., Escanaba, was issued a summons for

## Esky Cubs Travel To Owosso, Mich. For Ball Tourney

The Escanaba Cubs left this morning for Owosso, Michigan in the Lower Peninsula, where they will compete in the American Legion State Tournament. They will arrive in time for the Banquet of Champions at the Owosso Legion Hall.

The annual American Legion state baseball championships, an August fixture on the Michigan sports scene since 1928, will be staged in Owosso today through Thursday.

Five finalists, survivors of tour-

nament eliminations at the area, district and zone level, will collide in this two-defeat-and-out tourney. Games will be played twice daily, at 9:30 a.m. and at 3:30 p.m., until a champion is determined.

The Legion baseball program, one of the oldest in the nation is for boys who do not reach their 19th birthday prior to September 1.

Competing for the state title and a berth in the national regionals later this month at Lima, Ohio, will be: Edison Post, of Detroit, the 1959 national champion; Stark Post, of Adrian; Buick Liberty Post, of Flint; Ewing Post, of Ludington; and Cloverland Post, of Escanaba.

In first round games Tuesday at 9:30 a.m. Detroit meets Ludington and Flint plays Adrian. Escanaba drew the first round bye.

Of a host of trophies state director George Frederick will bring here will be the Hazen (Ki-Ki) Cuyler Memorial Award, the state's most honored amateur baseball trophy. The Cuyler plaque is presented annually to the player chosen the most valuable to his team in this tourney.

The Cuyler Award has been won in the past by such former and present major leaguers as Hal Newhouser, Milt Pappas, Neil Berry and Mike Tresh.

## Texas, Florida Produce Champs In Boy's Tennis

KALAMAZOO (AP)—Texas and Florida produced the singles winners Sunday in the National Junior and Boys Tennis Championships.

Powerful Cliff Richey, 17-year-old redhead from Dallas, Texas, defeated fifth-seeded John Pickens, Tuscaloosa, Ala., for the junior title, 7-9, 6-2, 6-0, 6-1, on Kalamazoo College's clay courts.

Top seeded Bill Harris, a rangy 16-year-old from West Palm Beach, Fla., captured the boys 16 and under title with a brisk 38-minute triumph over Chuck Brainard, of Hamtramck, Mich., 6-1, 6-0.

Pickens and Jack Jackson, both of Tuscaloosa, defeated California's Jeff Brown, Carmichael, and Dean Penner, Stockton, 2-6, 6-4, 6-4, for the junior doubles title.

Saturday, two Californians, Roy Barth, San Diego, and Bob Lutz, Los Angeles, won the boys doubles title with a 6-1, 6-1 victory over Dick Dell and Bobby Goletz, both of Bethesda, Md.

The singles championships were the second for both Richey and Harris in a national tournament. Richey was boys 16 and under winner last year, while Harris was the 15 and under champion in 1961 before the age divisions were revised.

## Top U.S. Amateur Downed 6-1, 6-1 In Record Time

SOUTH ORANGE, N.J. (AP)—Amateur tennis players scattered today to all parts of the nation following the triumphs of Wimbledon queen Margaret Smith of Australia and American Davis Cup hopeful Gene Scott in the Eastern Grass Court Championships.

Miss Smith, who routed America's top-ranked Darlene Hard of Los Angeles 6-1, 6-1 Sunday in a record 24 minutes, takes a week's vacation from the tournament circuit.

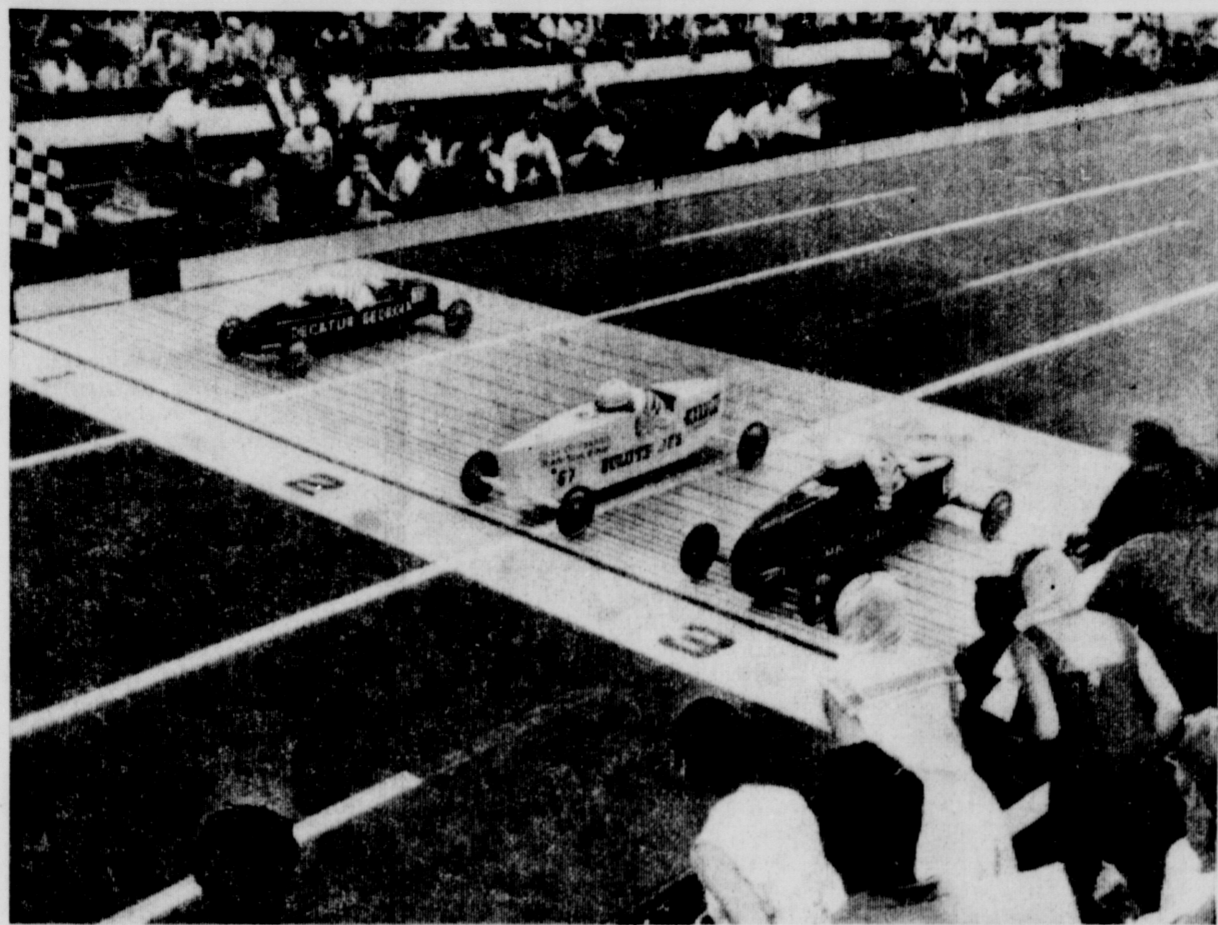

Scott the nation's eighth ranking player from St. James, N.Y., resumes Wednesday as the top seeded domestic player in the revival of the Nassau Bowl Tournament at Glen Cove, N.Y. Scott defeated Martin Riessen of Hinsdale, Ill., 6-4, 6-4, 6-4.

# Lolich Ahead 2-0 In Ninth, Cleveland Dumps Detroit 3-2

By JERRY GREEN

DETROIT (AP)—Hank Aguirre was mulling over the best-pitched game of his life when he indulged in a moment of self-criticism and made a startling confession.

"I'd been pitching stupid baseball," said the Tigers' ace left hander, who relied on a blazing fastball to win last year's earned run average championship.

"I was going about it all wrong, the results proved that, so I decided to change my method of pitching."

All Aguirre did was forget about calling his own pitches. It paid off in a brilliant two-hit, 2-0 victory over the Cleveland Indians in the opener of Sunday's doubleheader before 20,945 diehards.

Mickey Lolich came within three outs of matching Aguirre's shut-out in the nightcap before suffering more ninth inning heartache. The Indians rallied for all their runs of the day in the fatal ninth and edged the Tigers 3-2.

Aguirre, his ERA skyrocketed to 4.50 and inconsistent all season,

had failed to survive four innings in his last two starts.

"I was shaking off too many signs," admitted Aguirre, "pitching what I wanted to instead. That must have been my trouble, so I thought about it and made up my mind not to do it anymore."

"Mike Roark caught me for the first time this year against Cleveland and he called every single pitch. I didn't shake him off once."

Manager Charlie Dressen has been campaigning for several weeks to get Aguirre to wise up and start depending on his fastball more.

"My fastball against Cleveland was the best it's been all year," said Aguirre, who evened his record at 10-10.

Willie Tasby, with a single in the fourth, and Joe Adcock, with another in the ninth, spoiled Aguirre's bid for a no-hitter.

Don Wert sent Aguirre ahead 1-0 with a homer in the third off Jack Kralick. Rocky Colavito's single brought in the second run in the eighth.

Lolich again found the ninth his jinx inning. In his last outing, he lost a three-hitter on a two-run homer in the ninth. He'd entered the inning with a 1-0 lead and a one-hitter.

This time the rookie left hander had a 2-0 lead and a five-hitter and couldn't survive the final in-

ning as the bullpen let him down.

Dressen yanked Lolich after Max Alvis was hit by a pitch and John Romano singled. Fred Gladding took over and the runners advanced on a sacrifice before Woodie Held's infield single brought in one run.

When Gladding walked the bases full, Dressen rushed Jim Bunning to the mound. Tito Francona hit Bunning's first pitch for a two-run single. Gladding was the loser.

The Tigers' scored their runs in the first and second. Singles by Al Kaline and Colavito and a wild throw from center by Willie Kirkland brought in the first run. Lolich singled in the second himself in the second inning after Gus Triandos doubled.

Detroit was idle today. The Tigers open a three-game series here Tuesday night against Boston with Frank Lary slated to pitch.

## Palmer, Player Play Exhibition In Golf Tuesday

DETROIT (AP)—Michigan is starting out on a busy week in golf.

The program opens Tuesday with Arnold Palmer meeting Gary Player in an 18-hole benefit exhibition at Orchard Lake Country Club near Pontiac and the Michigan Seniors Annual Tournament opening at the Detroit Golf Club. The 36-hole tournament for the state's oldest players runs two days.

The Western Amateur Tournament, attracting the best amateurs of the country, starts Wednesday at Point-O-Woods in Benton Harbor. The 54-hole National Amputee Tournament opens Thursday at the Western Golf Club in Detroit. The 36-hole Northern Michigan Open will be played Saturday and Sunday at the Cheboygan Country Club at Cheboygan.

## Takes Oxygen Whiffs

# Podres Throws One-Hitter, Wins For Los Angeles 4-0

By MIKE RATHET

Associated Press Sports Writer  
Los Angeles left-hander Johnny Podres, a sore-balled pitcher who lost a no-hitter going with the aid of baseball's newest weapon—oxygen.

Pitching in Houston's sweltering heat Sunday night, Podres took a few whiffs as he set the Colts down until Johnny Temple led off the ninth inning with a sharp single.

Podres then hit Bob Aspromonte with a pitch and was relieved by Larry Sherry, who preserved the 4-0 triumph.

There was no help for Roger Craig of the New York Mets as he trudged slowly off the mound after a 2-1 loss at Milwaukee.

The defeat, Craig's 18th in succession, matched the mark established by Cliff Curtis of Boston in 1910, and made him the 13th pitcher in major league history to lose 20 games two years in a row.

Now 2-20 following last season's 10-24 record, Craig let the Braves score the winning run on a wild pitch attempt in the sixth inning and became the first two-time 20-game loser since Paul Derringer of St. Louis and Cincinnati in 1933-34.

Willie Mays hit his 27th homer in the 10th inning for a 2-1 victory over the Chicago Cubs that moved the Philadelphia dropped St. Louis to third, beating the Cardinals 7-3 and 5-2. Cincinnati swept Pittsburgh 5-2 and 4-1.

## Fans 14 Merchants

# Butler Fashions No-Hitter In Class B Tournament Game

The Escanaba American League Softball Champions, Mead No. 1, won their opening game in the Class B District Tournament last night at Memorial Field by downing the Merchants 4-0 on Tod Butler's third no-hit game of the season.

Butler pitched near-flawless ball, walking four and whiffing 14 Merchant batters. Butler fanned one in the first, one in the second, two in the third and fourth, three in the fifth, two in the sixth and finished by striking out the side in the last inning.

The Merchants and Mead No. 1 had met six times prior to last night's game, with each team winning three. The Merchants are the only team that has been able to get past the Mead team this year. It was a tournament game, but the teams also considered it a rubber.

Mead got its runs when Norm Butler led off with a single in the first inning. Tod Butler got on with a fielder's choice, taking Norm out of the picture. Then Roger Miron walked, and Bill Lancour poked a single, bringing in the first run.

The Mead bats were silenced by Merchant pitcher, Bob Corriveau until the fourth, when Roger Miron led off with a two-bagger, Tippy LeGault walked, Con Yagodzinski tripled scoring two runs, and John Brown bunted a beauty down the first base line scoring Yagodzinski.

Corriveau allowed two more hits in the game, a double to Tod Butler in the fifth, and a three-bagger to John Brown in the sixth.

None of the Merchant batters got past first base until the sixth inning, when Mike Mileski worked Butler to a full count, and then was walked. Mileski went to second on a wild pitch, and to third on a passed ball. But Butler was up to the situation, and he fanned Fran Gravelle, got Wally Flath to pop up to shortstop Bill Lancour, and fanned Don Martineau.

Butler still had his no-hitter going when he started the seventh. He fanned Chum Derouin and

## Manistique Wins In Waubung Game At Home 14-10

In Waubung League action over the weekend, Escanaba downed Menominee 10-5 on Saturday and Manistique trimmed Gladstone on the Manistique field 14-10.

In yesterday's game John Cameron went all the way for Manistique, allowing ten hits and fanning 14. Phil Caron was on the hill for Gladstone, giving up 16 hits.

At the plate, Doug Nelson got three for four for Manistique, and Bob Weber got two hits in four trips to the plate, including a homer in the third with a mate aboard.

Caron was the big sticker for Gladstone, collecting three hits in four trips.

## Kenny Lane Wants Boxing Commission From Government

SAGINAW (AP)—Lightweight boxer, Kenny Lane advocates establishment of a federal boxing commission in order to get rid of what he calls evils in the sport. Lane, Muskegon veteran in training here for his Aug. 19 bout with Paulie Armistead of Los Angeles, said Saturday control of boxing must be taken away from "unethical promoters and managers." He said a federal commission also could protect against undercover deals.

Lane said boxing needs more men like Michigan's commissioner Dave Gudelsky and promoters Julius Piazza and Hank Steinert, and his own trainers, Pete Petroskey and Charlie Rodriguez.

Butl Kenneally, putting himself within one out of the no-hitter, Bob Corriveau worked a two and two count, and then slammed a high liner to short right-center. It looked like it might drop in for a hit, but Roger Miron raced over and had an easy chance at the ball. He grabbed it waist high, and then dropped the ball, Corriveau got to third on two passed balls and Gary Wellman walked putting men on first and third. Bill Boln came to the plate, and worked a two-ball, two-strike count. Then Butler threw a high hard one and Boln was the fourteenth batter to walk back to the dugout on strikeouts.

## U.S. Sending Palmer, Player In Canada Cup

NEW YORK (AP) — Arnold Palmer and Jack Nicklaus, locked in a tense struggle for golf's No. 1 position, will put aside their rivalry to represent the United States in the annual Canada Cup matches.

Palmer, golf's leading money winner, and Nicklaus, the PGA and Masters champion, were overwhelming favorites to form the U.S. two-man team that will face tandems from 33 other nations in the 22-hole stroke play near Paris Oct. 24-27.

The four-day tournament for both team and individual honors will be played over the Saint-Nom-la-Bretheche course, 10 miles from Paris.

The selection to the Canada Cup team was the third for Palmer, who teamed with Sam Snead in winning at Dublin, Ireland, in 1960 and at Buenos Aires last year. It's the first such selection for the 23-year-old Nicklaus, a pro for less than two years but already challenging Palmer as the world's premier golfer.

The selections, picked from a list of six submitted by Professional Golfers Association, were announced Saturday by Sidney L. James, chairman of the executive committee of the International Golf Association.

The selection, as tradition calls, was made by the host country, and in this case France. The list of U.S. eligibles was compiled on the same formula used to select the U.S. Ryder Cup team. Palmer led with 439.5 points, followed by Nicklaus with 414.4. Other U.S. eligibles were Tony Lama, 366.78; Julius Boros, 364.17; Don Finsterwald, 250, and Gene Littler, 153.1.

## Yesterday's Stars

**PITCHING** — Johnny Podres, Dodgers, added only one hit, Johnny Temple's single leading off the ninth inning, before needing relief help to subdue Houston 4-0.

**BATTING** — Jim King, Senators, hit two homers and a double and scored three runs in 7-5 victory over Boston.

## Sport Shorties

Dartmouth juniors Fred Lynn Bates of Hillsborough, Calif., and Thomas Rand of Yazoo City, Miss., will captain the 1964 varsity track and golf squads, respectively.

Southern Conference championships in baseball, basketball and cross-country were won by West Virginia teams last year.

Middle linebacker Sam Huff is preparing for his eighth season with the New York Giants. He has never missed a minute of defensive play for the Giants.

Jockey Howard Grant won four stakes races at the Atlantic City, N. J., track during 1962. Steve Brooks led the riders with 48 victories.

## Ailing Jack Rule Climbs From Bed; Wins At St. Paul

ST. PAUL, Minn. (AP) — Jack Rule Jr. had \$5,300 worth of pain killer today, as well as the admiration of his fellow golfers for a gutsy performance Sunday in climbing out of a hospital bed to win the St. Paul Open.

The 24-year-old Waterloo, Iowa, golfer started his final round numb with pain-reducing drugs after a kidney stone attack that put him in a hospital Saturday night.

They wore off, and he wound up with a splitting headache.

Despite all that, Rule fired a respectable one-over-par 73 for a five-shot margin over Fred Hawkins of El Paso, Tex. Rule's 72-hole 266 was 22 under par on Keller Municipal Course.

It was the first professional tournament victory for the Iowa, who harbors memories of beating big Jack Nicklaus in couple of amateur tournaments but who hasn't been any great shakes since turning pro.

A doctor tagged along for the entire round, and ordered a folding camp chair kept handy for Rule to rest on between shots. He used it often.

Hawkins shot a 71. Tied for third were Bruce Crampton of Australia and Dave Hill of Jackson, Mich., at 273. Hill fired a 30 on the front nine to tie the course record, and had a 66 for the day.

George Bayer, on the strength of a 10-under-par 64 Sunday, was in fifth place with 274.

## Teams Impressive In Exhibition Games

By MURRAY ROSE

Associated Press Sports Writer

Exhibition games don't count in the standings but the electrifying victory of the College All-Stars over the great Green Bay Packers and the surprising results in the first American Football League tuncups may have a bearing on the pro championships.

The 20-17 triumph of Otto Graham's rookies over the National Football League champions at Chicago on Friday night removed the Packers' aura of invincibility.

No team has won three straight championships since the NFL started its playoff system in 1933 and the Packers may be in for lots of trouble in their bid.

In the AFL, the three hot-shot

teams were whipped in the exhibition openers on Saturday and Sunday. San Diego's Chargers thumped the champion Kansas City Chiefs 26-14 and Denver walloped the Houston Oilers, Eastern Division champions, 27-14 Saturday.

The Oakland Raiders, who finished last in the West with a 1-13 record last year, topped the Boston Patriots, runners-up in the East, 24-17 at Oakland on Sunday.

The exhibitions go full blast in the coming week with six NFL and four AFL contests.

San Diego's victory proved costly. The Chargers lost Tobin Rote, their newly acquired No. 1 quarterback, on the second play.

Rote, an NFL and Canadian league veteran, suffered a torn rib and bruised shoulder and is expected to be out of action for two or three weeks.

John Hadl, available only on weekends from the Air Force until Oct. 11, came off the bench and threw touchdown passes of two and 16 yards. Paul Lowe, one of the Chargers' cripples of '62, ran three and 65 yards for the other touchdowns.

Rookie quarterback Mickey Slaughter threw two touchdowns passes, George Shaw connected on another and Gene Mingo booted field goals of 44 and 41 yards in Denver's win over Houston.

Varsity basketball player Don Floberg of Lake Geneva, Wis., was medalist with a 73 in the intramural golf tournament over Michigan State's Forest Akers course this spring.

### Bloodmobile In Need Of Donors Here This Week

Delta County's quarterly date with the bloodmobile to support the blood bank at St. Francis Hospital starts Tuesday.

The Badger Blood Bank bloodmobile will be at the James T. Jones School in Gladstone from 3 to 7 p. m., Tuesday to take donations of blood. There are only 22 signed for the clinic and 95 donations are needed, said Mrs. Edward Olson, Red Cross blood donor recruitment chairman. Walk-ins are welcome.

The bloodmobile will be at the Escanaba Area High School from 2:30 to 7:30 p. m., Wednesday and from 10 a. m. to 3 p. m., Thursday, with 125 donors sought each day and only 76 appointments to date.

Donors can phone 5371 to sign up, or walk in without previous registry.

### Artificial Breeders Meet At Chatham

Artificial Breeding Association technicians and delegates from 10 Upper Peninsula counties met for a workshop at the Upper Peninsula Farm Experiment Station in Chatham Friday. Russ Hanson, U.P. fieldman for the Michigan Artificial Breeders Cooperatives, was in charge of the program on artificial breeding and Dairy Herd Improvement Assn. testing. The luncheon program was at the Our Savior Lutheran Church, Eben Junction.

Curt Miller, Michigan State Extension dairyman, was in charge of herd improvement work; Henry Otte, former U.P. fieldman for MABC, advised with ABA technicians, and C. J. Little, U.P. Extension dairyman filled the delegates in on station experimental work.

Delegates and technicians came from Alger, Baraga, Chippewa, Delta, Dickinson, Iron, Houghton, Luce, Mackinac and Ontonagon counties.

### Tax Exemption On Home Delayed

The State Tax Commission has notified the Most Rev. Thomas L. Noa, bishop of the Catholic Diocese of Marquette, and Escanaba City Tax Assessor Charles Schmidt that it has denied appeal by the diocese from action of the Escanaba Board of Tax Review denying exemption of taxes for this year on the former Delta Hotel property in Escanaba.

The hotel is being converted into the Bishop Noa Home for Senior Citizens by the diocese. The hotel building is being enlarged by construction of an addition on the east on a site which the diocese acquired and cleared by razing the former Mead drug store building.

The reason for denial of the appeal for tax exemption on the property, said Edward W. Kane, executive secretary of the State Tax Commission to the Associated Press was because the property is not now being used for an old persons home. The rejection, explained Kane, will be no bar to future exemption from taxes when the property is so used.

Conversion of the property is nearing completion and a late summer or early fall opening is hoped for. The home will be staffed by the Sisters of Charities, who will create their first mother house in this country coincidental with their staffing of the Bishop Noa Home here.

The tax valuation on the former hotel property is \$55,000 and the lot next door was valued at \$1,000 for taxes. The city 1963 tax bill on the hotel building was \$687.50 and on the lot \$12.50.

### Pipe Smoker Wins On Wedding Day

FLINT (AP) — On the same day John Toler, 36, of Flint, celebrated his 16th wedding anniversary and won the world's pipe smoking championship.

Toler kept his pipe going for one hour 26 minutes and 2 seconds in winning the contest of the 15th annual convention of the Inter-Association of Pipe Smokers Clubs Saturday.

Jeffrey N. Stafford, 20, of Reed City, was second. John C. Ulmer, 61, of Lancaster, Pa., defending champion, was third.

### Traffic Mishaps Bring 3 Arrests

Two drivers were summoned to court and the passenger in one auto suffered minor injuries in traffic accidents in Escanaba over the weekend, it is reported by Escanaba police.

Mrs. Florence Desmond of 917 7th Ave. S. was taken to St. Francis Hospital following collision of cars driven by William E. Desmond of Escanaba and Glen R. Randall, Menominee. The accident occurred at 6:50 p.m. Saturday at 2nd Ave. N. and 15th St.

Randall was summoned to traffic court by city police and today pleaded guilty to driving on a revoked license and not guilty to reckless driving. Trial on the reckless driving count is scheduled for 10 a.m. Aug. 9 in municipal court. Sentencing on the other charge is deferred to that date.

The other accident resulted in the arrest of Richard D. Roberts, 23, of Gladstone Rte. 1, for reckless driving and of his passenger, John M. Hagman, 22, Gladstone Rte. 1, for being drunk in and about an automobile.

Police said the Roberts car was proceeding at a high rate of speed on Sheridan Road at 8:05 p.m. Saturday when it struck a parked auto owned by Esther Miller, 944 Sheridan Road. A utility pole and a porch were also damaged.

In municipal court Roberts pleaded guilty to reckless driving and was ordered to pay a fine of \$50 and costs of \$5 or go to jail for 15 days; and Hagman was ordered to pay \$25 and costs of \$5 or spend 15 days in jail. Both paid their fines and costs.

Escanaba police also issued a speeding ticket to Dennis B. Miller, Gladstone Rte. 1.

Ralph L. Anderson, plant chief here for Michigan Bell Telephone Co., will observe his 40th anniversary with the firm Aug. 7. A native of Escanaba he joined the company in Detroit and was transferred to Escanaba three years later. Following assignments in other Upper Peninsula communities, Anderson "returned home" when he was named to his present position in August, 1962. He, his wife, Betty, and their four children, live at 528 S. 9th St.

### Fleet Blessing Well Attended

Several thousand persons gathered at Fayette, arriving by boat and by auto, to attend the annual Blessing of the Fleet ceremony sponsored by St. Peter's Church on Sunday.

Perfect weather also attended the event that saw the Most Rev. Thomas L. Noa, Bishop of the Diocese of Marquette, bless the scores of sailing and power craft that crowded picturesque little Snail Shell harbor for the rites.

Queen of the Fleet Shirley Peterson of Fayette and Miss Michigan, Miss Kathleen McLaughlin of Ishpeming, graced the festivities. They were aboard the Oscar Umanski yacht of Milwaukee, which had come to Fayette for the Blessing.

The parade to the harbor followed the Field Mass in the morning at St. Peter's Church. The Fourth Degree Knights of Columbus and the Manistique Lancers were among the participants in the blessing program.

The ball in the evening at the Garden Community Hall attracted a large crowd of dancers and Queen Shirley and her escort, Calvin Richards of Garden, reigned over the festivities.

One of the most colorful events in the annual ceremony in which both commercial fishermen and owners of pleasure craft join, the Blessing was considered highly successful. Cars in the parade were decorated by Mrs. Margaret LaSalle of Fayette.

### St. Louis Greets King Peter II

ST. LOUIS (AP) — Exiled King Peter II of Yugoslavia, received a rousing welcome in St. Louis Sunday.

In the crowd that greeted him at St. Louis-Lambert Municipal Airport was a four-piece Yugoslavian band. An Orthodox church honored him with a plaque. A little girl presented him with a bouquet.

King Peter is on a goodwill tour of U.S. cities with large populations of Serbians.

TOKYO (AP) — Kisaburo Yokota, chief justice of Japan's Supreme Court, left Tokyo today by plane on a two-month tour of the United States and Europe.

Yokota, 67, said he will inspect the judicial systems of the United States, Sweden, West Germany, Italy, Britain and Belgium.

LAS VEGAS, Nev. (AP) — Sharon Lee, blonde actress, and Mohammed Emil Shokohi, an Iranian socialite, were married Sunday night at a Las Vegas hotel.

The 30-year-old actress formerly was married to rock 'n' roll singer Forrest E. (Budd) Albright, nightclub singer David Street and oil broker Frederick Tillinghast III.

### President Returns From Carefree Weekend Holiday

HYANNIS PORT, Mass. (AP) — President Kennedy went back to Washington today after a carefree weekend at his Cape Cod summer home.

Kennedy's only announced appointment for today was with the U.S. ambassador to Turkey, Raymond A. Hare.

The weekend on Cape Cod was typical of those Kennedy has spent there since he was a boy.

Most of the family was around — his wife and children, his parents, brothers and sisters, and their families.

Most of them cruised Nantucket Sound Sunday and Saturday, on one sort of craft or another ranging downward in size from the White House yacht Honey Fitz.

### 4-H'ers Enjoy Visit To Swiss

It was a "weekend in Switzerland," or so it seemed to members and leaders of the Rock 4-H Club, who visited last weekend in New Glarus, Wis.

Their project, Passport to the World, is designed to give the members better understanding of the world and its people. The Rock 4-H Club studied Switzerland, and through their study and the contacts they made, they heard about the town of New Glarus.

The village was founded in 1845 by colonists escaping a famine in Canton Glarus (Swiss State) of Switzerland. Today, well over a century later, the population of 1,470 persons is predominately of Swiss origin. Descendants of the first families still live there; to these have been added more recent Swiss immigrants.

Although a progressive people, they have clung to the old customs and traditions of their ancestors. Thousands of Swiss flock to New Glarus to participate in birthday festivals of the old country.

To broaden their education of Switzerland the Rock 4-H Club made the decision to travel to New Glarus to observe the Volksfest and hear the men's chorus in a celebration of Swiss independence.

In New Glarus the members stayed with 4-H host families, thus learning first hand some of the Swiss habits and traditions. It also gave them a chance to exchange questions about the 4-H program and experience in meeting and living with other people.

Points of interest were visited. Museums, chalets, lace shops and factories, cheese and sausage shops, for example. The club went out for dinner one evening and sampled some of the foods for which the Swiss are famous. Sunday the members observed the Volksfest celebration.

Members and leaders making the trip included Pamela Sharkey, Sally Waak, Cheryl Larson, Christine and Lauri Mankiewicz, Nancy Weldum, Sally Mikkila, Patricia and Prissila Waak, Elena Lehto, Mr. and Mrs. Jack Larson, Mr. and Mrs. Ahti Waak, Mrs. Victor Mankiewicz, Mrs. Albert Weldum and Mr. and Mrs. Larry Bradford.

### Informer Puts Finger On Top U.S. Racketeers

(Continued From Page 1)

The story of the Valachi breakthrough appeared Sunday in a copyrighted story in the Washington Star. The Justice Department confirmed the essentials.

At the head of "Cosa Nostra" Valachi placed Vito Genovese, 66-year-old Italian-born narcotics boss serving a 15-year sentence at Atlanta Penitentiary.

Genovese plotted the Apalachin meeting. While Valachi was not prominent enough to attend, he was high enough in the organization to know what went on — and for a time later, he was Genovese's cellmate in Atlanta.

### Copper Country Road Projects Planned By State

The State Highway Department will open bids Aug. 14 in Lansing on 45 construction and maintenance projects totaling \$6.1 million, it was announced today.

The projects located in 42 counties include:

Keweenaw County — 9.8 miles grading, culverts and paving on US-41 from Delaware to Copper Harbor, estimated cost, \$230,000. Completion date, July 31, 1964.

Houghton County — 4.3 miles of grading, culverts and paving on US-41 from the Houghton-Beraga county line, about nine miles south of Chassell, north to the Snake River bridge and repairs on US-41 north and south of Chassell, estimated cost \$680,000. Completion date, July 31, 1964.

The Rock Lions Festival Queen is Miss Barbara Ann Beauchamp, 17, who is sponsored by the Rock Lions Club as a U.P. State Fair queen candidate. She is the daughter of the Ronald Beauchamps, will be a senior this year at Rock High School, and plans a career in nursing. She is the eldest of a family of 10 children.

### Urge Bargaining In Rail Dispute

WASHINGTON (AP) — Secretary of Labor W. Willard Wirtz called in railroad management and union representatives today in an effort to spark a new round of negotiations on the strike-threatened work rules dispute.

With a nationwide rail tieup in prospect Aug. 29 unless Congress acts or a settlement of the four-year-old jobs dilemma is reached, the Labor Department is keeping the heat on the two sides, trying to propel them toward hard bargaining.

Wirtz offered suggestions "relative to the key issues" Friday night—there has been no public disclosure of their nature—and he and Asst. Secretary James J. Reynolds conferred last weekend with management and union representatives.

Asked Sunday night if any move toward agreement had developed, Reynolds said "not yet, no," but he added, "A very serious attitude has entered into these sessions."

Reynolds said Wirtz' recommendations should serve as "a framework for useful, hard bargaining."

### Mid-Year Trade Outlook Good Says Reserve District

Economic activity at mid-year in the Ninth Federal Reserve District appeared to be moving along on an even keel.

Total nonfarm employment and personal income, two of the most comprehensive business indicators, have remained relatively stable. Bank deposits and department store sales have continued to gain.

On the other hand, iron ore shipments from the Lake Superior region were down 6.1 per cent in June from a year earlier and 15.3 per cent off for the first half of 1963 compared with the first half of 1962, reflecting to some extent a heavy carryover of ore stocks from the 1962 shipping season.

The district banking picture at mid-year is generally favorable. Total deposits gained more than loans during June, with a resultant slight decline in loan-deposit ratios. Bank credit increased more in June than in any other June since 1958. Together with the deposit trend, this suggests financial strength and expansion.

### Big 3 Pledged To Halt Tests Above Ground

(Continued From Page 1)

their principal aim the speediest possible achievement of an agreement on general and complete disarmament under strict international control in accordance with the objectives of the United Nations which would put an end to the armaments race and eliminate the incentive to the production and testing of all kinds of weapons, including nuclear weapons.

Seeking to achieve the discontinuance of all test explosions of nuclear weapons for all time determined to continue negotiations to this end, and desiring to put an end to the contamination of man's environment by radioactive substances,

Have agreed as follows:

Article I

1. Each of the parties to this treaty undertakes to prohibit, to prevent and not to carry out any nuclear weapon test explosion or any other nuclear explosion at any place under its jurisdiction or control:

A. In the atmosphere, beyond its limits, including outer space, or under water, including territorial waters or high seas; or

B. In any other environment if such explosion causes radioactive debris to be present outside the territorial limits of the state under whose jurisdiction or control such explosion is conducted.

2. Each of the parties to this treaty undertakes furthermore to refrain from causing, encouraging or in any way participating in, the carrying out of any nuclear weapon test explosion, or any other nuclear explosion anywhere which would take place in any of the environments described, or have the effect referred to.

Article II

1. Any party may propose amendments to this treaty.

2. Any amendment to this treaty must be approved by a majority of the votes of all the parties to this treaty, including the votes of all the original parties.

Article III

1. This treaty shall be open to all states for signature.

2. This treaty will be subject to ratification by signatory states.

Article IV

1. This treaty shall be of unlimited duration.

2. Each party shall, in exercising its national sovereignty, have the right to withdraw from the treaty if it decides that extraordinary events, related to the subject matter of the treaty, have jeopardized the supreme interests of its country.
